School is a
necessary part
of our Life . . .

Hut, one, two, three, ... Watch him run to catch us on the corner.

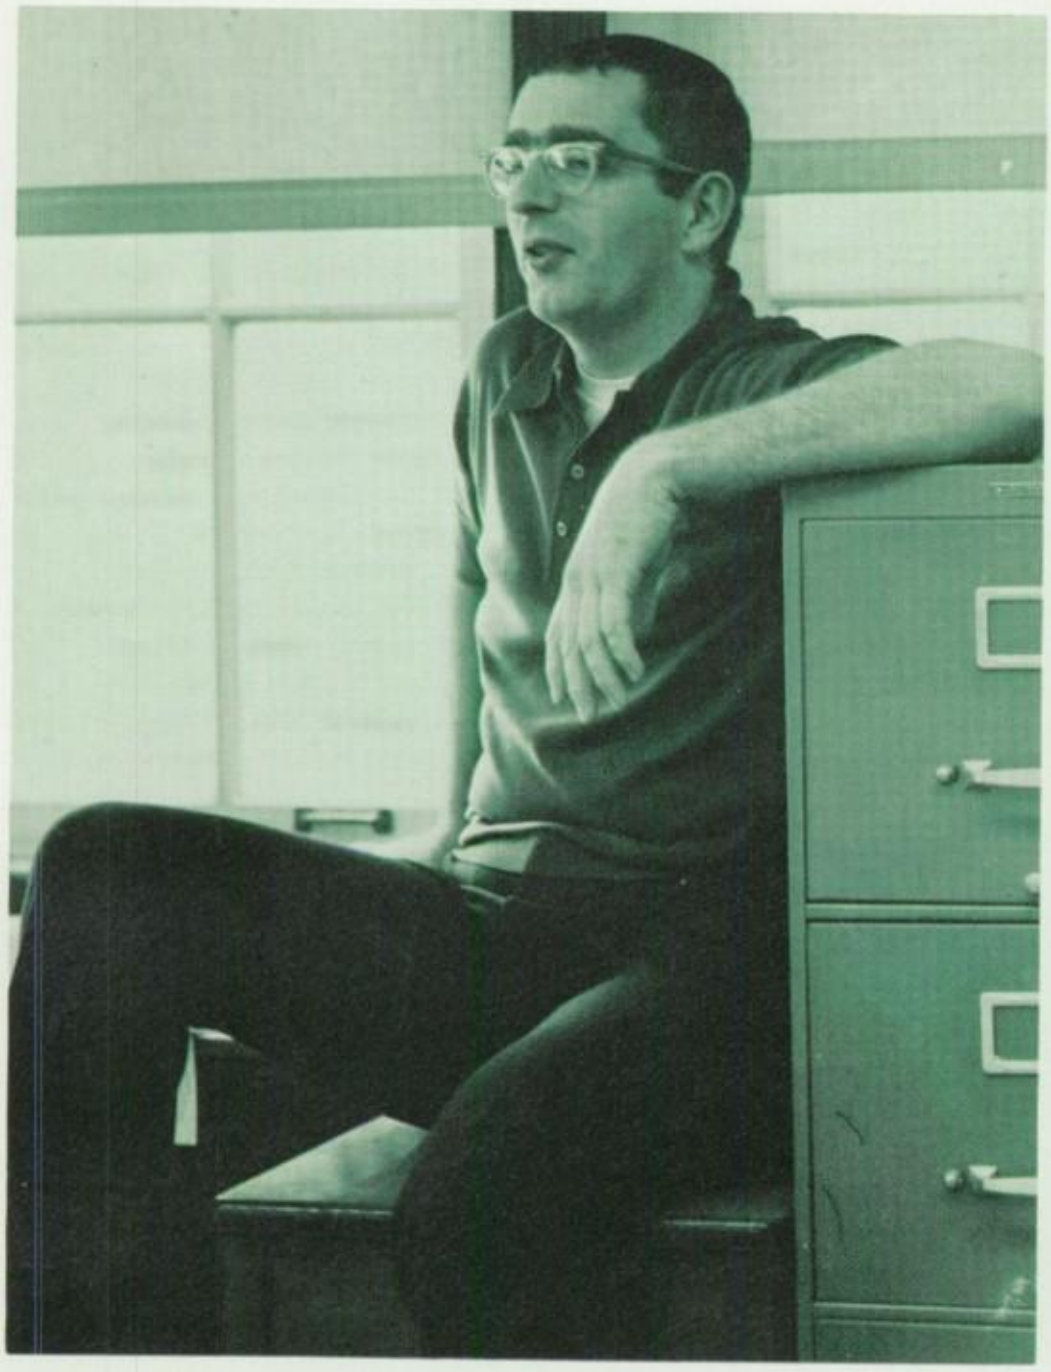
Selecting the teacher that has given us a helping hand more than any other is an extremely difficult task. When we remember all the times a member of the faculty has given us a boost the list got infinitely long.

Many teachers with high spirits have guided us through our studies, faithfully listened to our personal problems, and generously donated their free time and much effort to assist us in making our dances, dinners, and numerous other after-school activities a success.

We found ourselves thinking of the "drill master" of Senior Band and Color Guard, of the good times in English 10 and World History Class. We were introduced to a serious, sober world sometimes and at other times a very festive one.

Therefore, we are proud to dedicate this yearbook to a "cool" teacher and a good buddy, Mr. John Miller.

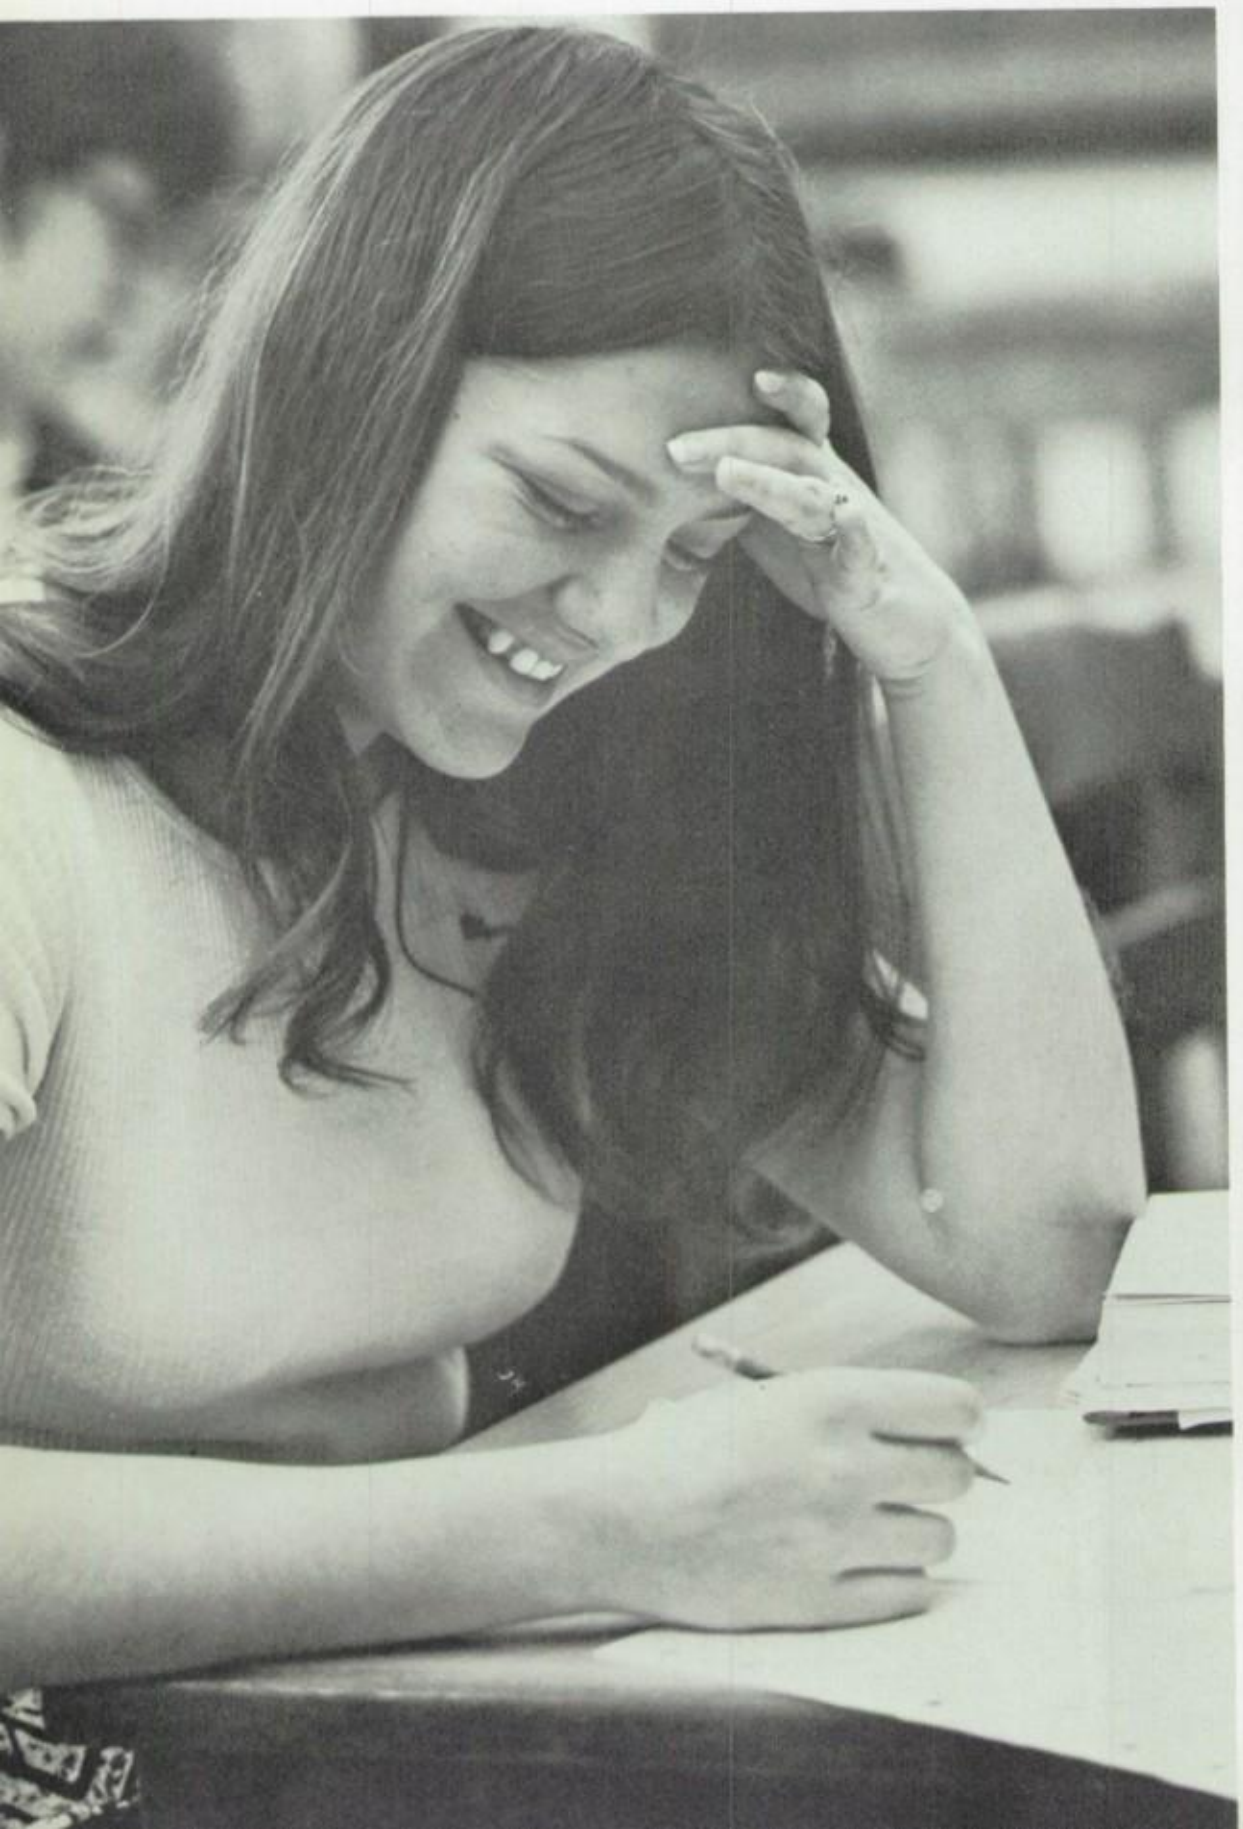
Dedication

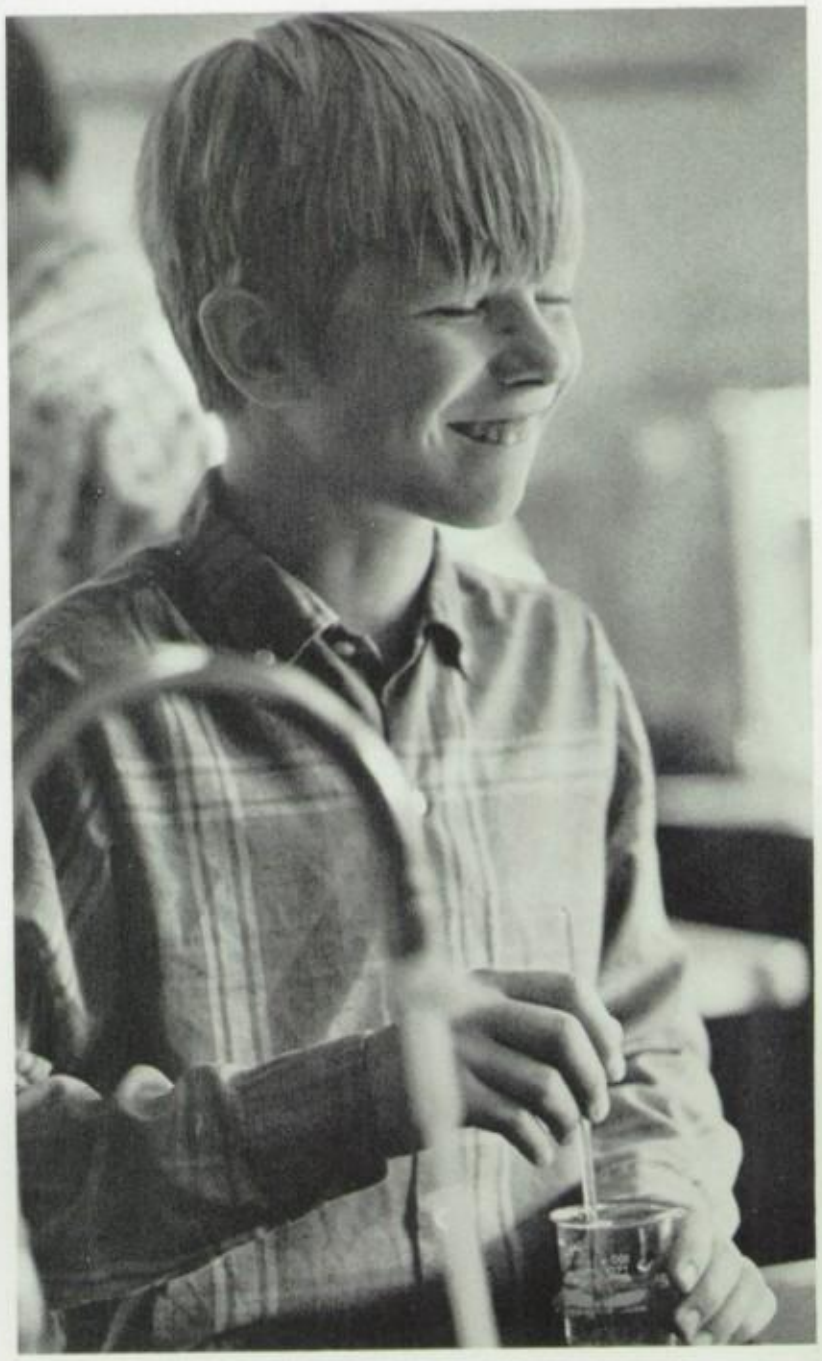


. . . we find teachers are human too . . .

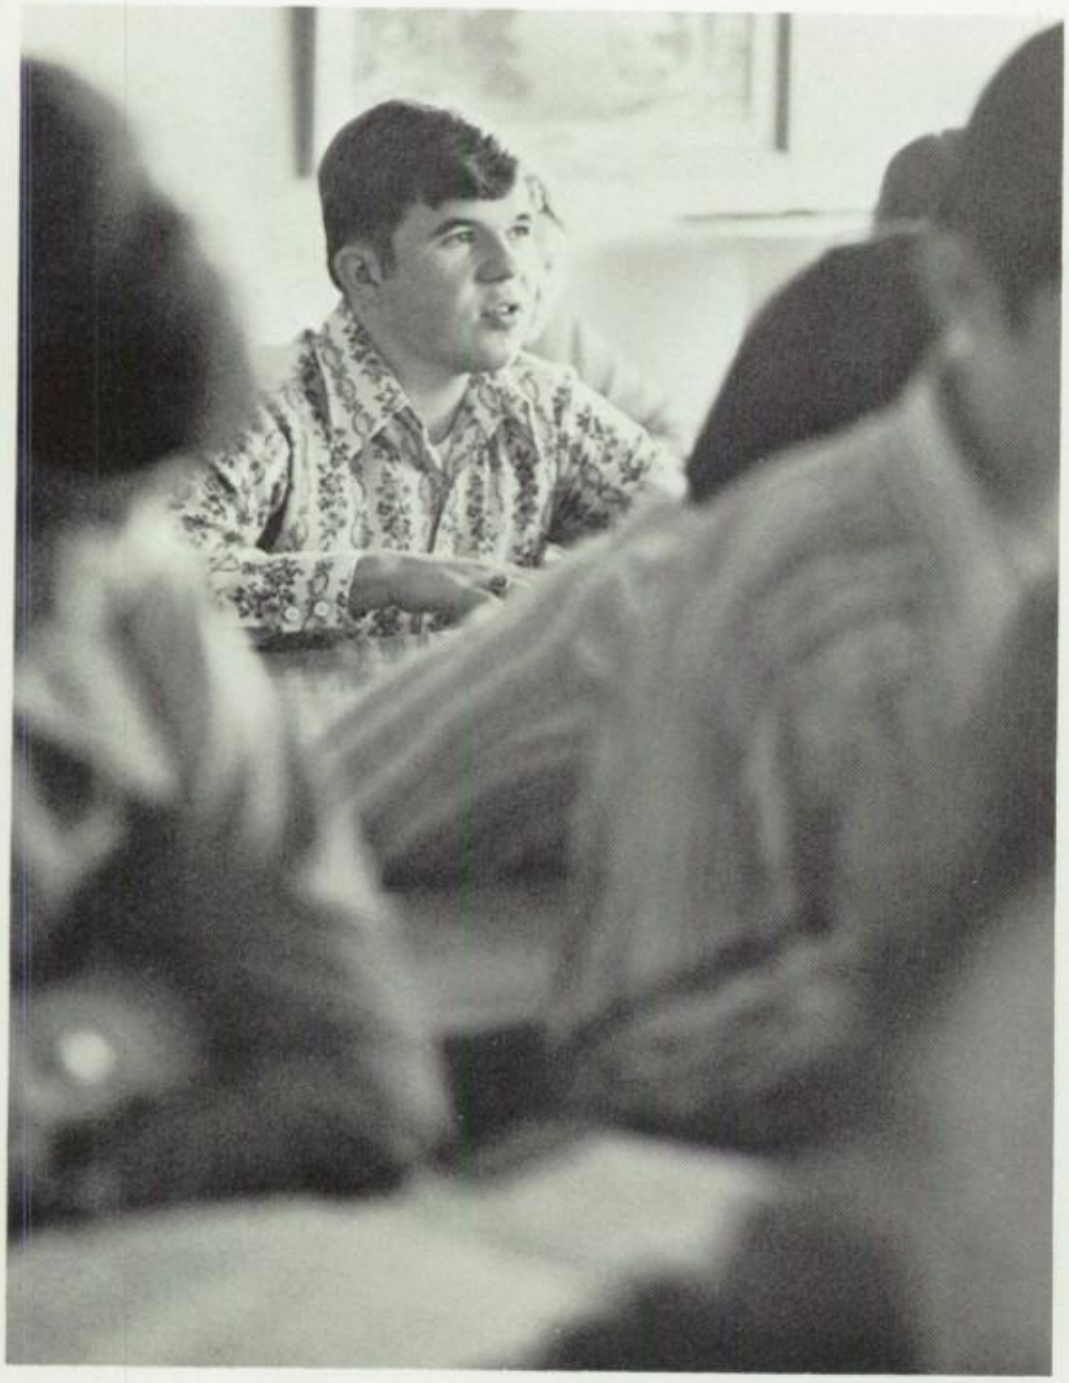
. . . place to play

games . . .



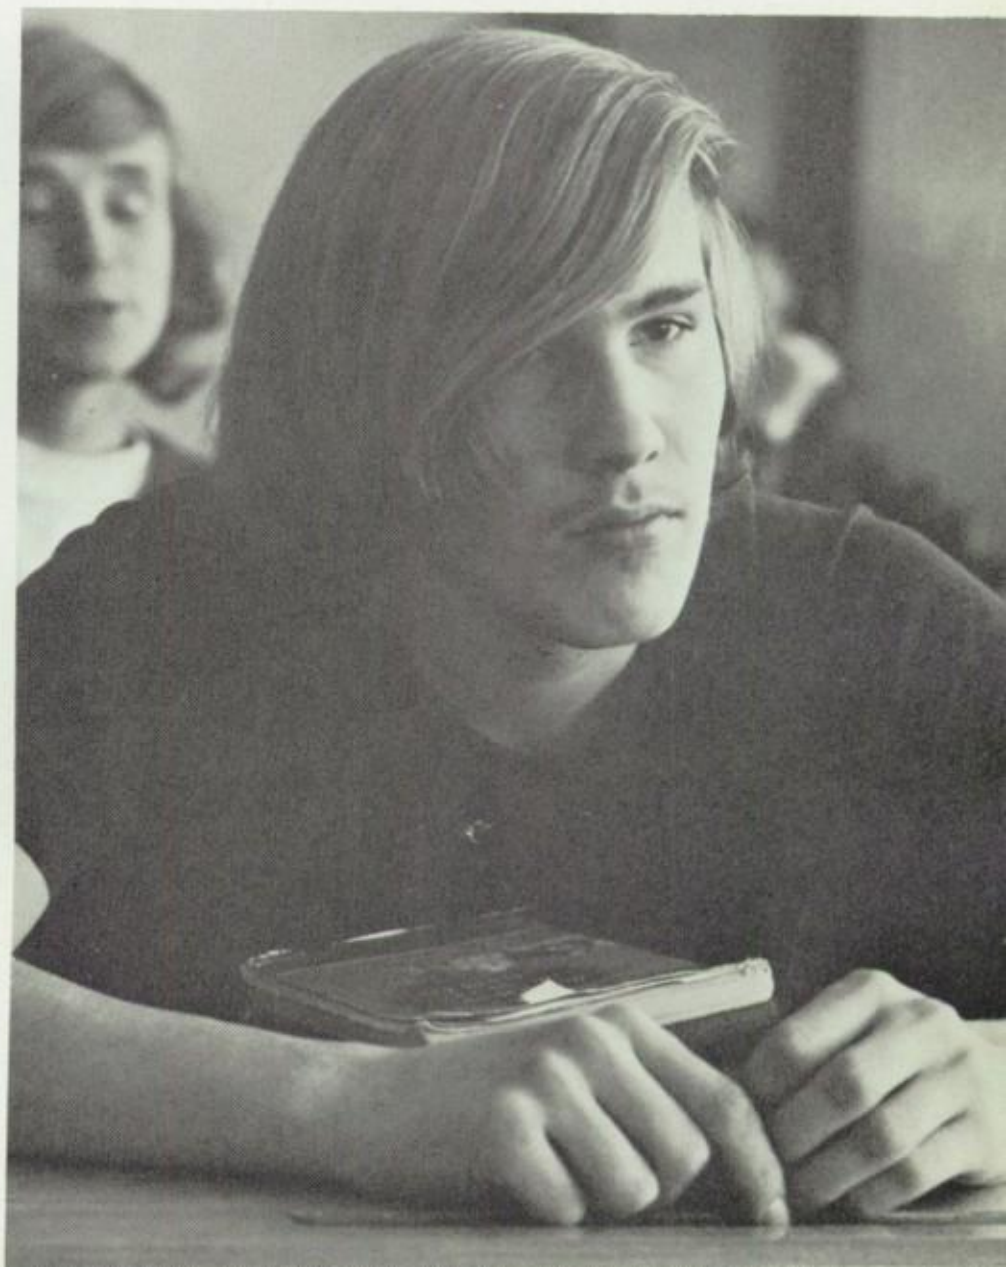


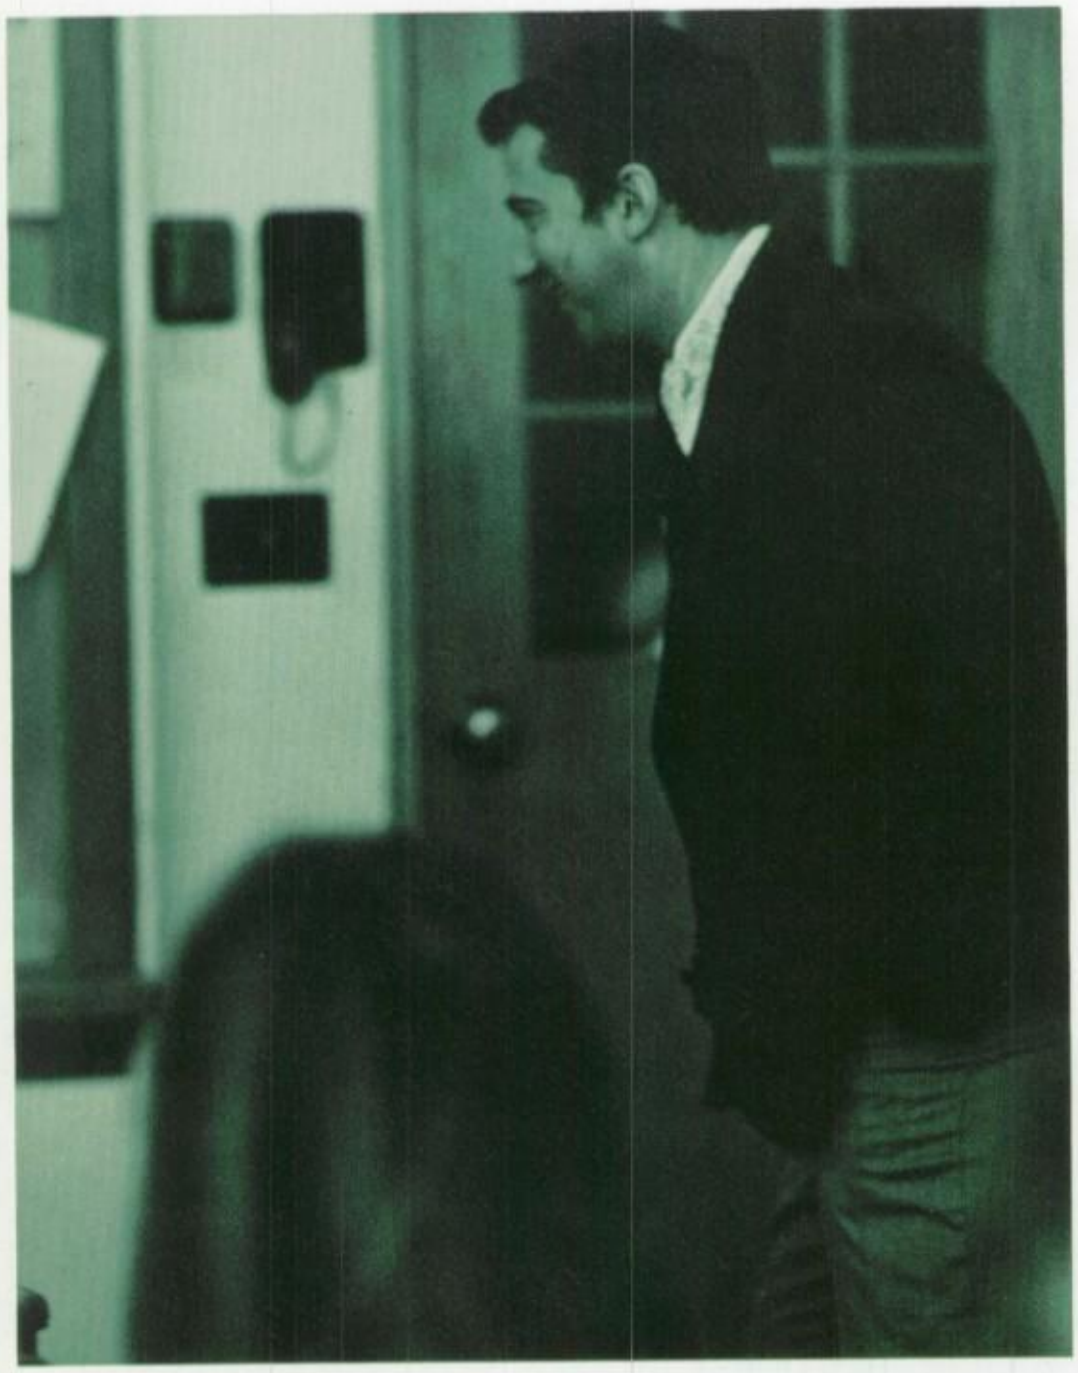
. . . experiment . . .



. . . *laugh* . . .

. . . *be happy* . . .





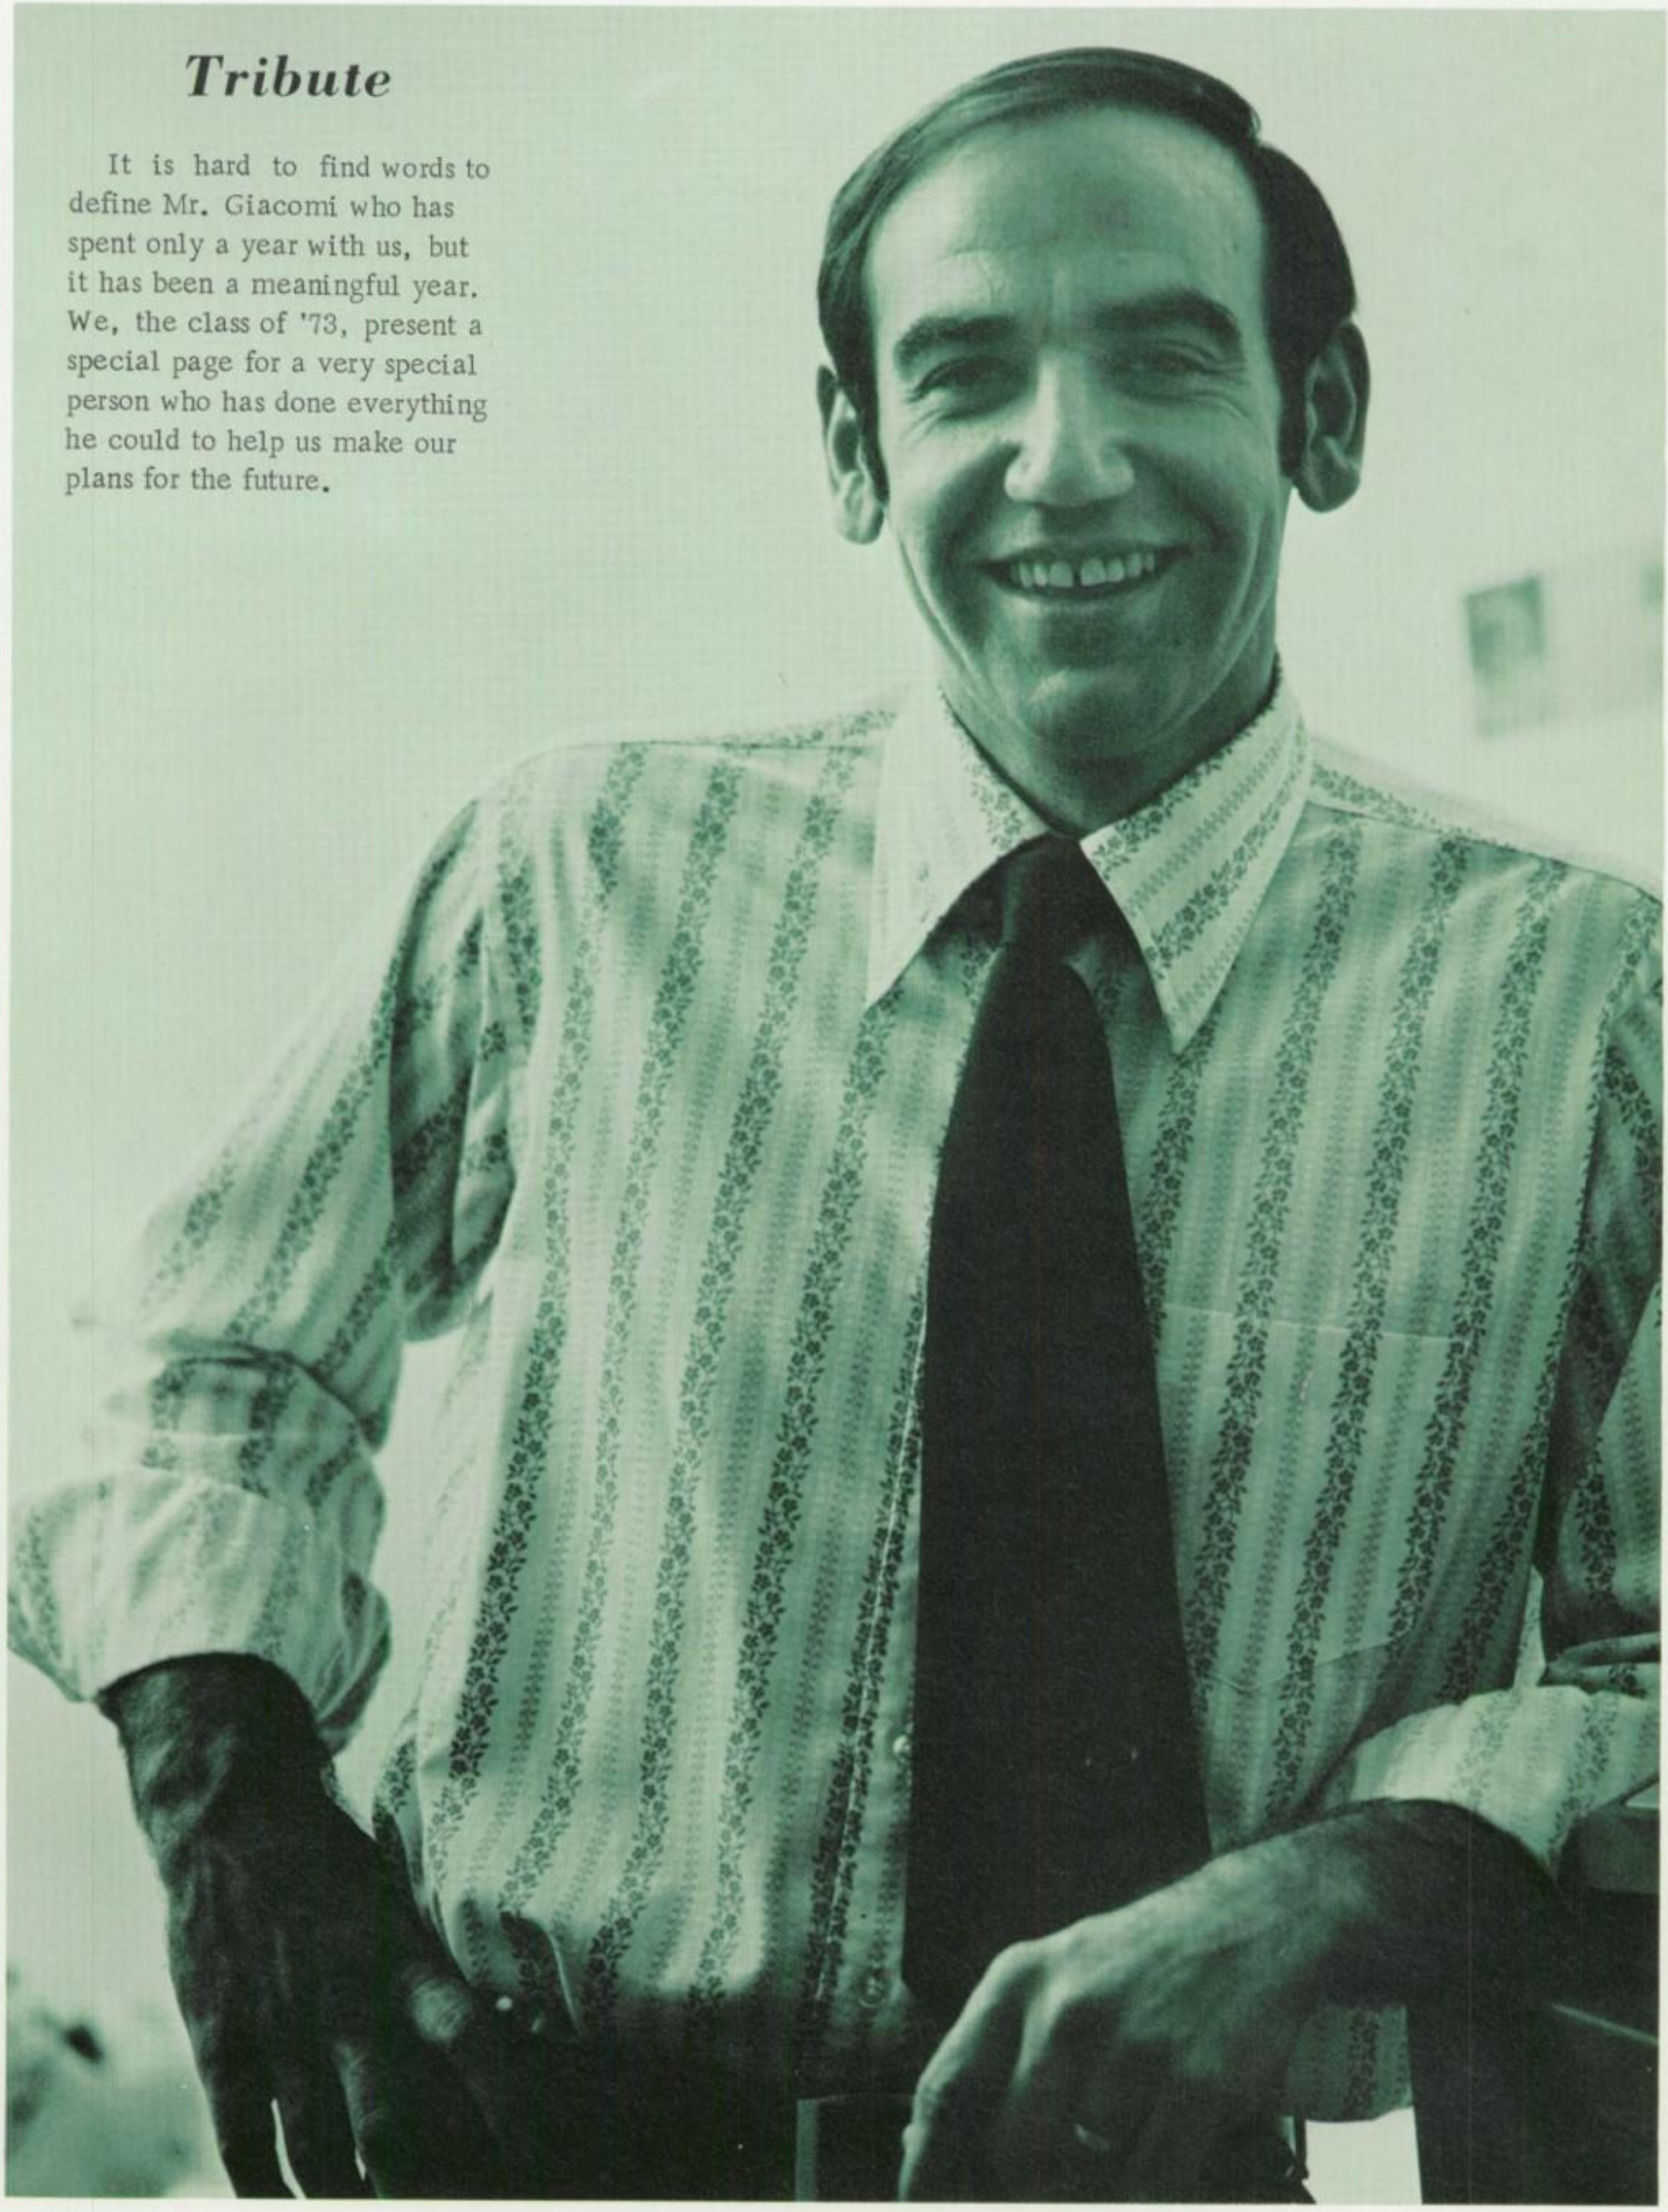
. . . to find a friend as well as a teacher . . .

Appreciation

Coup d'etat, takedown, yardarm, misdemeanor--all these words are significant in his life. Many of us have met him in one or all of these areas of his endeavor. From him we have learned self-confidence, teamwork and, most of all, esprit de corp. We, the Class of 1973, extend to Mr. Walter Peterson our deepest appreciation and gratitude.

Tribute

It is hard to find words to define Mr. Giacomi who has spent only a year with us, but it has been a meaningful year. We, the class of '73, present a special page for a very special person who has done everything he could to help us make our plans for the future.



. . . *memories of our friends here and gone* . . .

Best wishes to Mrs. Lynch and Mrs. Edwards who retired last year. We miss them both and hope their futures will be filled with great happiness.

Mrs. Ruth Lynch

IN MEMORIAM

MRS. MARTHA KOBY

Your children are not your children.
They are the sons and daughters of
Life's longing for itself.
They come through you but not from you,
And though they are with you
yet they belong not to you.
You may give them your love but not
your thoughts,
For they have their own thoughts.
. . . . . .
You may strive to be like them, but
seek not to make them like you.
For life goes not backward nor
tarries with yesterday.

Kahlil Gibran

Our Principal

Social customs and attitudes do make gradual changes with the "times". We hope that this school has prepared you to help make these changes which will be beneficial to all the people. We would hope that you will be able to resist "fads" which only temporarily satisfy the whims of a few.

Henry Cleeves
